

CSIR NATIONAL AEROSPACE LABORATORIES	DOCUMENTATION SHEET	DOCUMENT CLASSIFICATION RESTRICTED
<u>Title</u> LIGHT TRANSPORT AIRCRAFT INTEGRATED AVIONICS SYSTEM		<u>Documentation No:</u> PA CA 9208 Date of Issue: December 1992
<u>Prepared</u> B. R. Sandeep (B.R.SANDEEP) BASHI AEROSPACE	<u>Checked</u> (N.A.P. RAO) BASHI AEROSPACE	<u>APPROVED:</u>  (K.Y. NARAYAN) PROJECT MANAGER
<u>Keywords</u> Avionics System, Communication System, Navigation System, Cockpit instrumentation, Flight Control System.		
<u>Summary</u> This report presents a preliminary proposal for an integrated avionics system for the LTA. The system is ARINC-429 compatible and consists of communication system, navigation system, flight control system and the cockpit instrumentation system. The system is based on a Bendix-king proposal.
