<b>Title :</b> Performance Evaluation of FLEXIBUS through Modelling & Simulation		<b>Document No.</b> PD-AL-9002  <b>Date of issue:</b> April '90
<b>Author(s) :</b> Vijayalaxmi Shankar, A.Pedar, R.V.Nadagowda & B.S.Jayasree		<b>Contents</b> 41 sheets + 35 drawings.
<b>Division :</b> Aerospace Electronics & Systems Dn.		<b>No. of copies:</b> 15
<b>External participation :</b>		<b>NAL Project No.</b> ID-8-110
<b>Sponsor :</b> NAL		<b>Sponsor's Project No.</b>
<b>Approval :</b> Head, AL <i>PN 19/4</i>		
<b>Remarks :</b>		
<b>Keywords :</b> Flexible Cable Bus (FLEXIBUS), Performance Evaluation, Modelling & Simulation, Parallel Processing Systems(PPS) Bus-based PPS		
<b>Abstract :</b> Requirements of a transmission media for high rates of data transfer is presented. Analysis of the FLEXIBUS, a parallel multidrop cable bus, which forms the interconnection network between several nodes of a bus-based processor system is reported. Modelling and simulation methods adopted to analyse the software model of FLEXIBUS is discussed.
